grounds on 14 December.

- c. It was observed on 16 December that most of the buildings in Camp Jamlitz (3302) at the Lieberose training grounds had been dismantled.
- d. At the Wildpark railroad station, 4 x 152 mm gun howitzers with prime movers, trucks and personnel from the 34th Artillery Division were being loaded for shipment to Altengrabow on 19 December.

4. KVP:

- a. Basic and driving school training continued. There has been an increase in chemical defense as well as weapon and advanced combat training; however, these exercises only occasionally reach battalion level. Final examinations for officer candidates were still being given in a few instances.
- b. The Eggesin Mechanized Division received a large number of new German motor vehicles during November and December. It is believed that additional vehicles will be received.
- c. The course for Innere Truppen (Internal Security Troops) which was being given at the Infantry Officer's School at Naumburg was allegedly transferred to Plauen on 10 December.
- d. During the period of 15 to 20 December, advanced combat practices at battalion strength were repeatedly observed near posts. The Mechanized Regiment and the Motorcycle Battalion from Potsdam participated.
- e. A special badge for the Betriebskampfgruppenfuehrer (Leaders of Enterprise Combat Groups) is to be introduced in the future.
